

National Current Affairs: Schemes & Institutions

How to revise last 12–18 months schemes, reports and bodies efficiently.

Portion focus ~44% · Topic: **ca-national**

PYQ themes: Schemes · Reports · Institutions in news

Why UPSC asks this

High weight but ephemeral — method matters more than memorising forever.

Revision method

Maintain a rolling CA notebook tagged to static syllabus (polity/economy/env). Drop items older than ~18 months unless structural.

Institutions

New regulators, missions, and constitutional body appointments often generate factuals.

Must remember

- Capture: ministry, objective, beneficiary, funding pattern
- Index/report — publisher + what it measures
- Prefer official PIB/PRS summaries

Educational prioritisation heuristic — not an official UPSC prediction. © UPSC IAS Study Hub original notes.
