

Biodiversity Hotspots & Global Conventions

Indian hotspot logic plus CBD/CITES/CMS-type treaty hooks.

Portion focus ~42% · Topic: env-biodiversity

PYQ themes: Hotspots · CBD · Species conventions

Why UPSC asks this

International environmental architecture pairs with domestic biodiversity facts.

Hotspots

Definition criteria; Indian-related hotspots list; Western Ghats endemism examples.

Conventions

CBD, Nagoya Protocol idea, CITES permit logic, migratory species CMS — know purpose one-liners.

Must remember

- Hotspot criteria: richness + endemism + threat
- CBD objectives: conservation, sustainable use, benefit sharing
