

High-chance portions - csat-reading

Combined original study articles for this topic's highest-probability PYQ themes.

CSAT Comprehension Strategy

~50% · RC accuracy · Inference vs fact

Why UPSC asks this

Comprehension drives qualifying margin every year.

Method

Preview question stems; read actively for structure; mark line references mentally; distrust outside knowledge.

Traps

Half-right options; scope shifts; absolute words. Practice timed sets weekly.

Must remember

- Answer only from passage
- Eliminate extreme options
- 33% qualifying - attempt smart

Educational prioritisation heuristic - not an official UPSC prediction. (c) UPSC IAS Study Hub original notes.
