

High-chance portions — gs1-geo-mains

Combined original study articles for this topic's highest-probability PYQ themes (deep edition).

GS1 Geography: Phenomena & Resources

~36% · [Geophysical phenomena](#) · [Resources](#)

Why UPSC asks this

Consistent GS1 geography share.

Phenomena

Earthquakes, volcanoes, cyclones, climate patterns — diagram-in-words.

Resources

Water, minerals, energy transition geography.

Must remember

- Explain process + Indian example + impact
- Resource: distribution–utilisation–sustainability

Educational prioritisation heuristic — not an official UPSC prediction. © UPSC IAS Study Hub original notes.
