

High-chance portions — gs3-econ-growth

Combined original study articles for this topic's highest-probability PYQ themes (deep edition).

Growth, Agriculture & Infrastructure (GS3)

~48% · Inclusive growth · Agriculture · Infrastructure

Why UPSC asks this

Largest GS3 economy share.

Growth

Employment elasticity, inequality, formalisation, manufacturing share debates.

Agri & infra

Value chains, logistics, energy/transport digital infra.

Must remember

- Growth vs development indicators
- Agri: productivity, markets, climate stress
- Infra: multiplier + financing (PPP, NIP ideas)

Educational prioritisation heuristic — not an official UPSC prediction. © UPSC IAS Study Hub original notes.
