

High-chance portions — gs3-sec-internal

Combined original study articles for this topic's highest-probability PYQ themes (deep edition).

Internal Security: Extremism, Border & Cyber

~36% · [LWE/terrorism](#) · [Border management](#) · [Cyber](#)

Why UPSC asks this

Regular GS3 security themes.

Threat lattice

Terrorism, LWE, organised crime–terror nexus, money trails.

Responses

Legal frameworks outline; cooperative federalism in policing; tech governance.

Must remember

- Causes–capacity–coordination framework
- Coastal/border tech + community policing
- Cyber: CERT-In awareness, critical infra

Educational prioritisation heuristic — not an official UPSC prediction. © UPSC IAS Study Hub original notes.
