

GS1 Geography: Phenomena & Resources

Geophysical phenomena and resource distribution for Mains.

Portion focus ~36% · Topic: [gs1-geo-mains](#)

PYQ themes: Geophysical phenomena · Resources

Why UPSC asks this

Consistent GS1 geography share.

Phenomena

Earthquakes, volcanoes, cyclones, climate patterns - diagram-in-words.

Resources

Water, minerals, energy transition geography.

Must remember

- Explain process + Indian example + impact
- Resource: distribution - utilisation - sustainability

Educational prioritisation heuristic - not an official UPSC prediction. (c) UPSC IAS Study Hub original notes.
